---

## 2009 REGIONAL ORGANIZATION COMMUNICATION AWARD

---

The AACAP is offering a communication award to a Regional Organization that "BEST" advances the AACAP mission through newsletters (paper and electronic) and/or its website.

**Newsletters** will be evaluated on variety, inclusiveness, appearance/design, focus on AACAP goals, and a good editorial hand.

**Websites** will be judged on content quality, inclusiveness, improvement, originality, appearance/design, and ability to move the AACAP mission (specifically recruitment);

Nominations of regional organizations should be sent to the Assembly Administrator. Regional organizations that are nominated will be asked to send an entire year's publications of their newsletter published June 2008–May 2009.

A selection committee—comprised of the *AACAP News* Editor and two Assembly delegates—will determine the winner based on the criteria above.

The winner will receive \$200 and be presented with a plaque at the Assembly meeting in October 2009. All regional organizations are eligible; however, no regional organization can receive the award for two consecutive years.

*Nominations and newsletters should be sent to:*
