**Regional Organization:** South Carolina Council

**Contact Person:** Lauren Yarrow (yarrow@musc.edu), or Maggie Pierson (pierson@musc.edu) – MS IV Co-presidents

**Address:** 96 Jonathan Lucas Street Suite 601  
Charleston, SC 29425-6170

**Medical School:** Medical University of South Carolina

**Advisor of Psychiatry Student Interest Group:** Chris Pelic M.D. (pelicc@musc.edu, 843-792-5913)

**Brief Description of Planned Activity:** In October 2008, MUSC SPIG plans to host our annual wine and cheese event at the Storm Eye Institute. Last year, the event was attended by a large group of students, psychiatry residents, and psychiatry faculty (50-60 in attendance). At the event, we present basic information about psychiatry residency and psychiatry as a career choice. It gives students a chance to also socialize with residents and faculty and get their perspectives and guidance. It is a well received activity. Of note, the event is attended by the Chair of the Department. We also plan to invite the Child and Adolescent Residency Director. Some basic information about the adult and child programs is presented. For this year's event, we hope to have a child and adolescent psychiatrist as one of the speakers to discuss a career in the field of child and adolescent psychiatry.

**Anticipated Number of Medical Students in Group:** 25

**Subject:** AACAP student reception

Earl,

Dr. Sarkis wanted me to let you know that the AACAP student reception went very well last night. Dr. Sarkis gave the students a tour of both his office and the clinical trials office. He also gave the students a brief history of our practice. The students asked questions on a broad range of topics. Christina Brezing was able to get information from several psychiatrists about her pursuing a year of research at NIH. Dr. Sarkis interacted with the students about the importance of their own mental health.

Thank you for supporting this activity and we are planning on repeating it next year.
